

The ValleRy

Partner Portal Pack

Enter the Metaverse and be part of the ValleRy's exciting future.

The ValleRy, the first paid for in part by Nevada Arts Council and National Endowment for the Arts, Virtual Reality gallery for Las Vegas and International artists, and creators.

The Vallery is the same as an IRL gallery, but different, in that it can be seen from anywhere in the world, giving exhibitors extraordinary unparalleled exposure.

The Vallery is connected to the real world by **portals placed in partner locations**. This project brings much needed new gallery space to Las Vegas. The new space is built using Virtual Reality technology, and is accessed via a QR Code placed at **Partner locations**.

The ValleRy has management, and marketing tools in place to support a professional VR gallery, and associated promotional events.
